

## Profile

# Kafui A. Prebbie, MBI

## Group Chief Executive Officer

Kafui Prebbie has over 20 years of continuous professional experience in management, consulting, education, and project management. He studied Management at the Harvard Business School and completed with specialisations in Management Excellence & Digital Transformation.

As an Impact Entrepreneur, Kafui founded the PREBBiE GROUP with the maiden company established as TECHAiDE in 2011 - to unleash human potential and develop capacity through technology, especially in rural Africa.

He has a long history of activism in ICTs for Development internationally and several years' experience in technology integration projects, training and managing development projects funded by USAID, European Union, British Council, International Institute for Communications and Development and the Partnership for Higher Education in Africa.

Kafui has developed thriving technology products and managed projects addressing educational needs currently impacting over twenty thousand learners across Ghana and West Africa.

Having worked in the international development space managing various projects with effective project management principles, Kafui also founded IMPLEMENTERS, a social project management organisation in 2013. His dynamic and result-laden project management expertise with a focus on technology has championed numerous projects in Africa.

## Profile

# Kafui A. Prebbie, MBI

## Group Chief Executive Officer

His research, speaking engagements, training, and consulting experience includes assignments completed for various institutions including International Research and Exchanges Board (IREX), USA; International Institute for Communications and Development (IICD), Netherlands; Students Bridging the Information Gap, USA; International Development Research Center (IDRC); Plan International, Ghana/USA; World Education International, USA; and the Commonwealth of Learning in Canada.

Through his passion for properties, he started PREBBiE Properties in 2020. With his trusted international networks, he partnered with Field of Homes, USA to start SHELBBiE Homes and develop modern living spaces in Africa.

Kafui aims at paying-forward the many years of opportunities and experiences that he's received to the youth, especially orphans and the needy and thus lead the formation of the Kafui Prebbie Foundation.
